

Building Committee Minutes
April 11, 2001

Joint meeting with Budget & property.

Items discussed:

HES Playground:

Proposal presented by Anita Flanagan to build playground on site of existing tennis courts (they will be moved). Cost of about \$62K will be paid by HES trust fund.

Pierce School Air quality:

Solution offered by Eckmann construction was to relocate the fresh air intake to the front of the building at a cost of approx \$45K. While this would alleviate problem at back of building, potential for additional problems in front, and may not solve the original problem. Keith and John will meet with counsel to determine next step.

Denis Mires Contracts:

Decision was made to begin planning for AES, CVHS, and PES (if further planning is needed), so that we are ready to move, once decision on bonds is made. Letters will be sent to school building committee members to advise them. Keith will meet with Tony (Eckmann) & Denis to determine best course of action.
