

# Contoocook Valley School District Policy

**ABC**

(Also JFB)

## **STUDENT INVOLVEMENT IN DECISION MAKING**

A primary task of the school is to create a stimulating learning climate which develops active involvement of students in their education and develops a spirit of inquiry. This climate is created when students work together with school staffs in such activities as planning and evaluating school programs.

The Board believes that students should:

1. Be encouraged to participate in planning classroom activities and in improving courses of studies;
2. Feel free to express, without fear, their own opinions, recognizing that every privilege and right has a corresponding responsibility;
3. Be involved in the planning of assembly programs and school-sponsored forums of interest;
4. Be encouraged to participate in student government organizations that provide with a voice in school affairs; and
5. Be encouraged to participate in a variety of co-curricular activities to broad their educational experiences.
