

Contoocook Valley School District Policy

EDUCATIONAL PHILOSOPHY

The Contoocook Valley School Board believes that education should be shaped by purposes rather than by forces.

Therefore, the education system of this district, while maintaining flexibility in adapting to an ever-changing society, will be dedicated to the total personal development of each student to the limits of his or her abilities and interests in a sequentially coordinated curriculum which allows for individual differences.

To this end, staff members will strive to aid in each student's intellectual, physical, moral, emotional, aesthetic, and social growth so that he or she may become a useful and responsible member of home, community, and society while leading a personally rewarding life.

The School board believes that the ultimate goal of an education in the district schools should be to prepare the students for a world of rapid change and unforeseeable demands.
